Project Title	SmartFarmer – IoT Enabled Smart Farming Application
Team ID	PNT2022TMID31754
Content	MIT App Inventor

STEP 1:

Search MIT App Inventor on google and click on first link.

The screenshot shows a Brave browser window with the search bar containing "mit app inventor". The search results are displayed on a light blue background. The first result is "MIT App Inventor" with the URL "appinventor.mit.edu". Below this, there is a paragraph of text and several links: "Get Started", "Installing and Running the Emula...", "Installing App Inventor 2 Setup o...", and "MIT App Inventor for iOS on the A...". The second result is "MIT App Inventor on the App Store" with the URL "apps.apple.com" and a rating of 2.0. The third result is "How to Create an Android App With the MIT App Inventor - YouT..." with the URL "youtube.com". On the right side, there is a section titled "App Inventor for Android" with a description and a screenshot of the MIT App Inventor interface. Below this, there is a link to "appinventor.mit.edu" and a paragraph of text.

STEP 4:

After sign in, Click on Start new project to create a project.

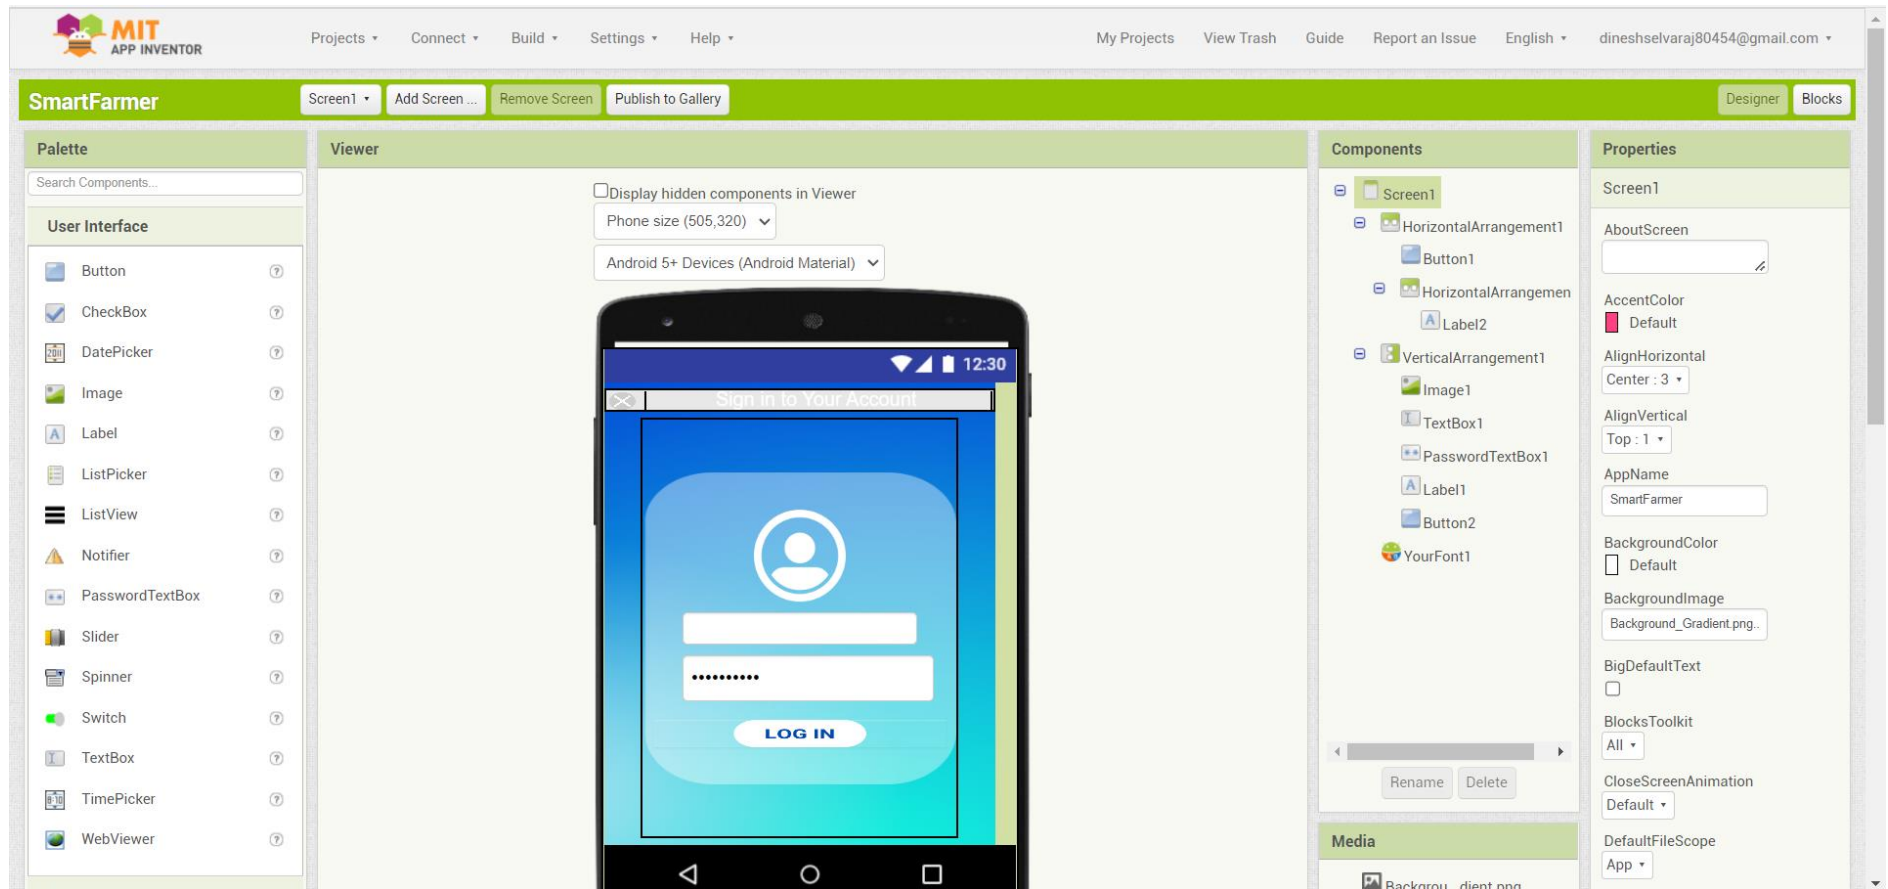

The screenshot displays the MIT App Inventor web interface. At the top, the MIT App Inventor logo is on the left, and navigation links (Projects, Connect, Build, Settings, Help) are in the center. On the right, there are links for My Projects, View Trash, Guide, Report an Issue, and a language dropdown (English). The user's email address (dineshselvaraj80454@gmail.com) is also visible. Below the navigation bar, a green bar contains buttons for Start new project, Move To Trash, View Trash, Login to Gallery, and Publish to Gallery. The main content area is titled "Projects" and contains a table with two columns: Name and Date Created. The table lists two projects: SmartFarmer and YourFont, both created on Nov 13, 2022. A Date Modified column is also present but empty.

<input type="checkbox"/>	Name	Date Created	Date Modified ▼
<input type="checkbox"/>	SmartFarmer	Nov 13, 2022, 12:48:50 PM	Nov 13, 2022, 8:34:49 PM
<input type="checkbox"/>	YourFont	Nov 13, 2022, 6:17:25 PM	Nov 13, 2022, 6:17:25 PM

STEP 5:

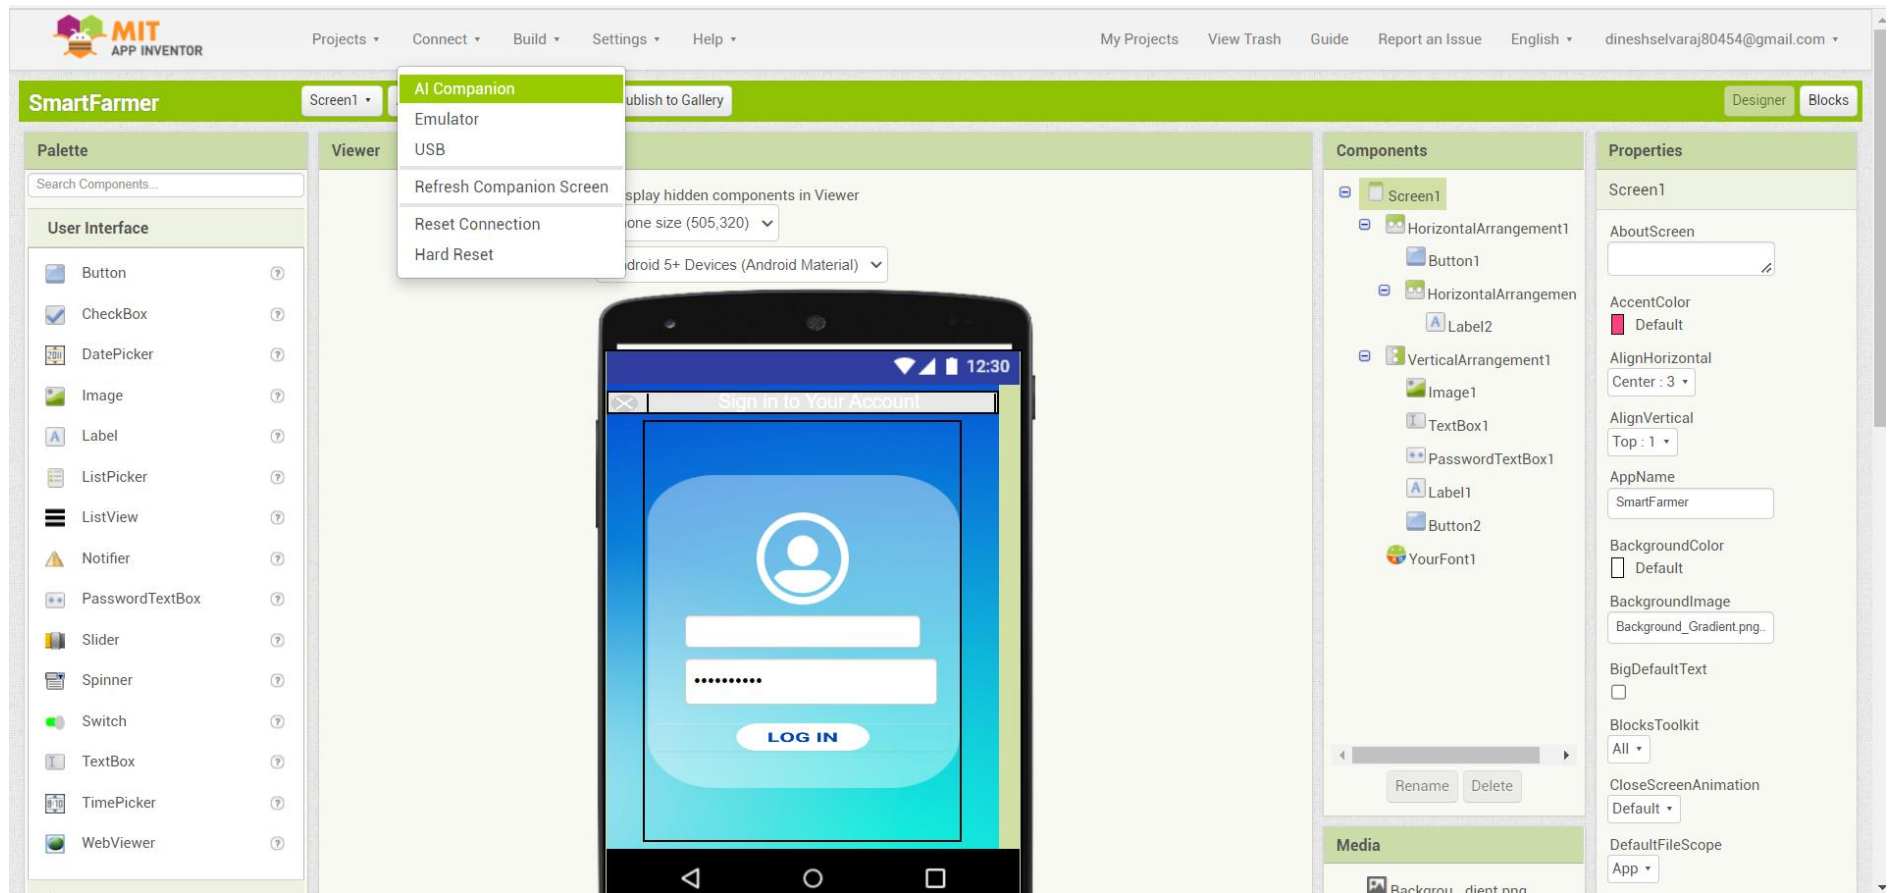

After start new project , now you can create your app by drag and drop the items.

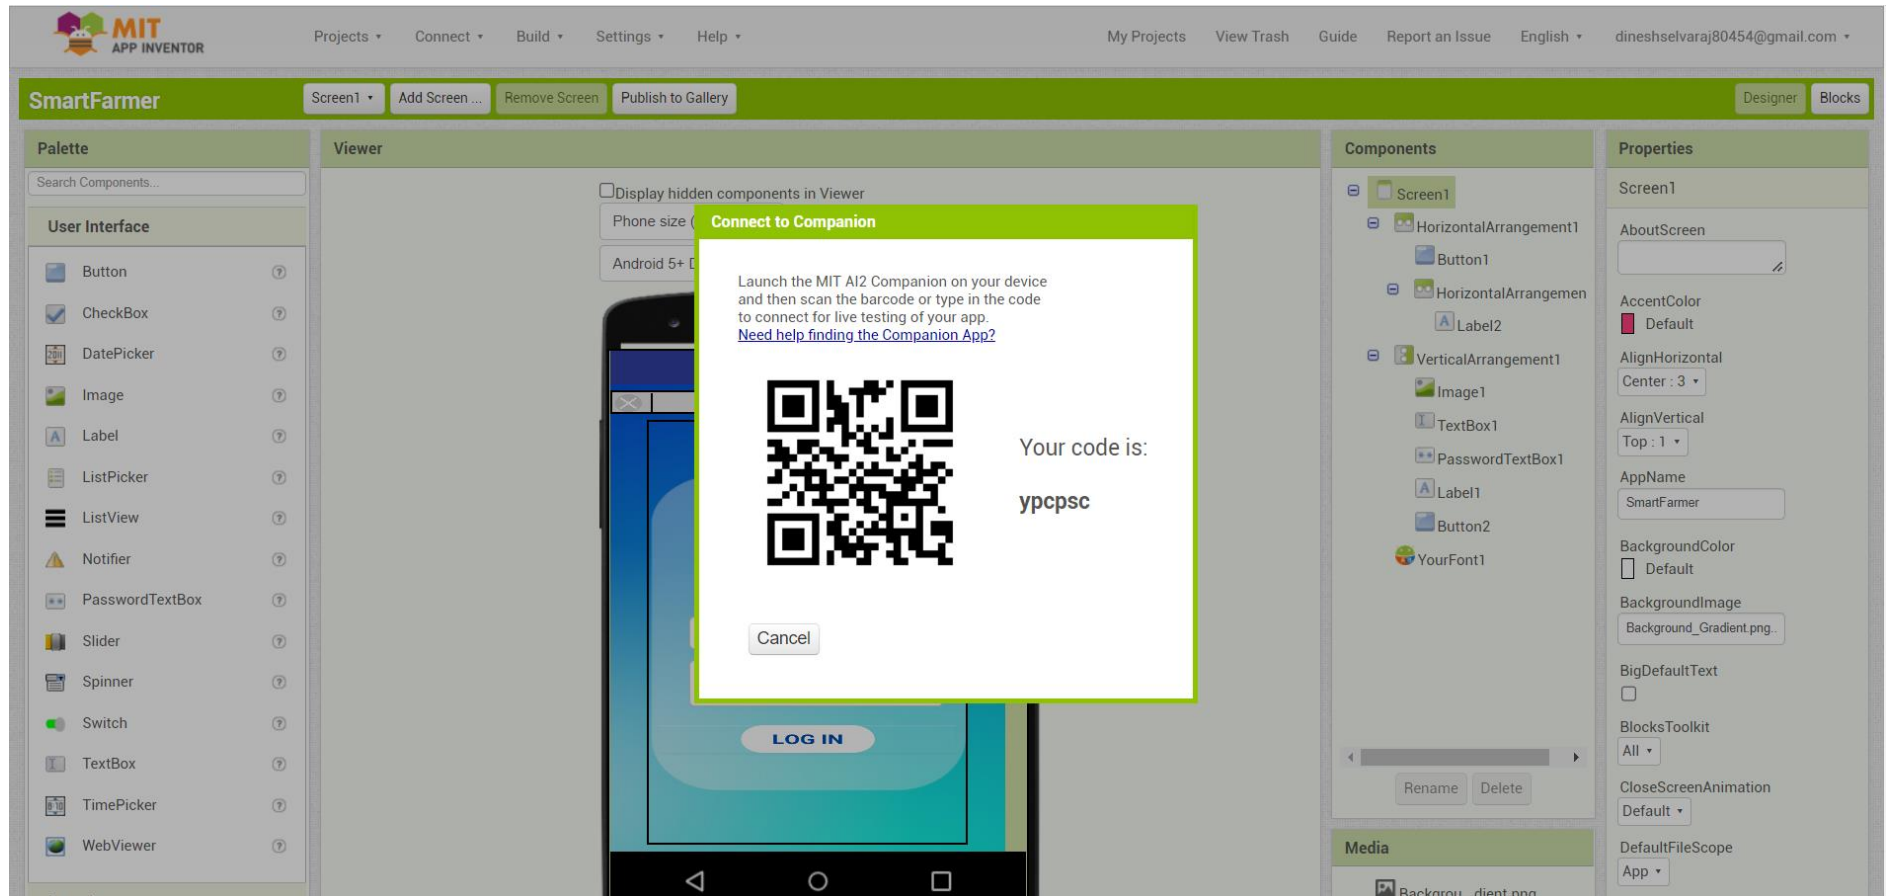

STEP 6:

You can view your app in your mobile by using MIT AI2 Companion (which need to installed in your mobile and need to scan QR code) Click Connect > AI Companion to connect with your mobile.

STEP 7:

STEP 7:

For apk, Click on Build to build the apk for your mobile.
